<<Steps for User Registration >>

1. Select Wi-Fi

Select "kumamoto-free-wifi"

For iOS
 "Settings" -> "Wi-Fi" -> "Wi-Fi ON"
For Android
 "Settings" -> "Wireless and network" -> "Wi-Fi" -> "Wi-Fi ON"

3. User Registration (only once for each type)

NTT BP Type

1. Opening screen
Select your language, and click "Access the internet here"
2. Entry page
Click "Register Now"
3. User entry
Fill in your email address, and click "Confirm"
4. Security level
Confirm security level, and click "I agree"

- * Follow the instruction on the page to register.
- * User registration is valid for one year.
- * You will be disconnected after one hour. However, there is no limit to the number of times you can connect.

FREESPOT Type

1. Opening screen
Select your language on the top right menu.
2. Registration settings
Select options, and click "Send Email".
3. Sending Email
Send the email without making any changes.
4. Receiving Email
Click on the URL in the received email.

- * As an Email Account, your user registration is valid for 6 months, and there is no limit to the number of uses.
- * As a Guest Account, you can use Wi-Fi without user registration. It is available for ten minutes every three hours.
- * Your account must be set to allow emails from the domain "freespot.com".

2. Open Browser

Open Browser, and open any web site. It will get User Registration page.

For iOS
 "Safari"
For Android
 "Browser"
